

THE STEEL NOTICE BOARD

FMM Visit to German – Malaysian Institute (GMI)

MSI was involved in the FMM Visit to GMI on 26 March 2015, where it opened the opportunity to view the training facilities/campus, machinery and equipment for fabrication jobs, precision machining & contract manufacturing and training & development/technical & consultancy services provided by GMI.

Taking this into consideration, MSI and GMI may collaborate in the future to carry out research project for the iron steel industry.

Factory Visit to Eastern Steel

MSI visited Eastern Steel Plant on 26 March 2015 in Kemaman, Terengganu. The purpose of this visit is to see Eastern Steel's Integrated Steel Mill Complex with Blast Furnace Technology. MSI delegation consists of Mr. Tony Lee (MSI CEO), Mr Yan Sze Hon (Senior Officer, R&D, MSI), accompanied by Mr Tee Choon Hock (Project Director), Mr Low Choong Sing (Director/ CFO) and Mr Ng Kian Hin, (Senior Development Manager) of Eastern Steel.

Training Session on Trade Remedy Measures

On 24-25 February 2015, MSI, i.e. Mr. Subash Bose Pillai, was invited as a guest speaker during the training session on Trade Remedy Measures, organized by Trade Practices Unit, Ministry of International Trade and Industry (MITI). The Training session provides an overview of WTO Trade remedies (i.e. Anti-Dumping, Countervailing & Safeguard Measures).

Other than providing the background of the trade measures, this training session also provides some insight on how petition should be written effectively as well as how an Investigation Authority may conduct their investigation in a fair manner.
