MALAYSIA STEEL COUNCIL MEETING

**Malaysia Steel Council (MSC) Meeting
No.1/2016**

26 April 2016

**Chaired by:
YB Dato' Sri Ong Ka Chuan**

The Malaysia Steel Council Meeting chaired by the Honourable Minister Dato' Sri Ong Ka Chuan met on 26 April where MSI's work programme was endorsed, including a notable one to form a Steel Industry Consolidation Task Force comprising of various parties to look into

consolidating of the iron & steel industry. MISIF on behalf of the industry supported the initiative and agreed to work with MSI.

The Meeting also took note that the eight (8) issues raised by the industry in 2014 to MITI have all been resolved.

NATIONAL OCCUPATIONAL SKILLS STANDARD

The first workshop to develop the skills standard for the forming sector will be held from 3-5 June 2016. Funding support comes from the Ministry of Human Resources. A group of experts in the area of iron & making will meet to discuss to come up with the standards required for the forming sub-sector. MSI would like thank those companies who have given their support for this programme by allowing their staff to attend the workshop. MSI hopes the industry players will continue to back MSI in carrying out its planned activities.

UPDATE ON TRADE MISSION TO MYANMAR

It is firming up! Tentatively the trade mission to Myanmar is targeted to be held in August 2016. MSI together with MISIF met up with MATRADE and held preliminary discussions. Follow-up meetings will be held to finalise the details. We will continue to update through our monthly newflash. Those interested can visit MSI's website to submit your interest to participate; alternatively members of MISIF can also submit to MISIF directly. We are looking towards the industry's support to make this activity a success.

It began with table tennis, dart, and caroms on 23 April 2016! Since then MITI and its agencies have been competing among themselves to see who can excel, this time in the sports arena. All in all eleven different events have been put up for competition. What is remaining are the finals of football and athletics events that will be held during the closing ceremony this coming Sunday, 29 May 2016 at the INSPEN Sports Complex, Kajang.

Who is leading who and will finish at the top?

MATRADE is currently leading the pack with a 17-point lead. However the lead could change as MIDA, SME Bank and MITI are within reach, mathematically, if we look at the remaining events left - football finals between MITI and MIDA – the

winner will receive 10 points; and there are six (6) athletics events to go – this Sunday we expect to witness a close and interesting fight to clinch the top spot!
