Trade Talk at MATRADE: Briefing session for Iron & Steel (I&S) Industry: (I) Trans-Pacific Partnership Agreement (TPPA) – what it means for I&S sector; (II) Exploring Export Opportunities Overseas – Trade Mission.

On 25 February 2016, Malaysia Steel Institute (MSI), in collaboration with MITI and MATRADE, had organized a briefing session for iron and steel industry, which was officiated by YB Minister of International Trade and Industry II, Dato' Sri Ong Ka Chuan, held in Menara MATRADE. This briefing session covered the issues on Trans-Pacific Partnership Agreement (TPPA) and exploring export opportunities overseas for the iron and steel industry players. A total of 100 participants from various iron and steel companies and associations as well as MITI and MATRADE attended this half day event.

This interactive session drew a number of questions concerning the IPPA, both specific to iron & steel and on other broad areas such as patents, labour and environment; on export promotion questions raised included on how the companies could register to benefit from the services on export of goods provided by MATRADE.

THE STEEL NOTICE BOARD

Based on the evaluation form as submitted by 40 participants, on TPPA, 90.0% were interested in follow-up for more detailed discussions on TPPA; whereas 92.5% found the briefing session on export promotion useful for their companies. MSI is very encouraged by the turn out and enthusiasm shown by those who attended the briefing sessions. We hope to continue this engagement with the industry and look towards the continued support of MSI's activities from the industry.
